

Hackathon Sport Data Challenge

about the hackathon

We're back! Last year the successful first **Sport Data Challenge** took place. Together with students and professionals, we came up with numerous new ideas for Le Champion. This year's Sport Data Challenge is focused on the neighbourhood of Nieuw-West in Amsterdam. It is all about making this specific neighbourhood 'the most vital km²' of the Netherlands.

when?

This second edition takes place on Friday 5 Feb 2021. It starts at 12:30 and ends around 19:45. Participation will be online.

win!

Join us for this second edition and show off your skills. The winning team(s) will be rewarded with amazing prizes!
